DON'T WAIT.

Take Advantage of Kentucky Citizen's Experience Before It's Too Late.

When the back begins to ache.

Don't wait until backache becomes chronic.

Till serious kidney troubles develop.

Till urinary troubles destroy night's rest.

Mrs. L. B. Taylor, of 819 East Jefferson St., Louisville, Ky., says:

"Several years ago I contracted a cold which settled in my kidneys. I suffered a great deal from pains across my back and loins and was also much annoyed by the too frequent action of the kidneys especially at night. I steadily grew worse began to be annoyed by dizziness and a feeling of languor and depression. I procured Doan's Kidney Pills and felt relief from the first. I continued the treatment and was soon cured. I gave a statement to this effect in 1906 and am glad to confirm same at this time for the cure has proven to be a permanent one.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Heretofore the State law directing the election of the United States Senators admitted of two construction and in order to make the election of a Senator legal and secure the Legislature has voted twice for Senators. For instance Senator McCreary was voted for on the first Tuesday after the Assembly convened and again on the second Tuesday. At the last session, however, the ambiguity of the old statute was done away with by the passage of a new act which fixes one particular day for the election of a United States Senator. Dr. Milton Board, who possesses a wide knowledge of legislative matters, thinks that the new statute as he understood it designated the first Tuesday after the Assembly convened as the time for electing the Senator, and that he believed this feature of the session would be over early in the action.
